

STATE OF IOWA  
DEPARTMENT OF COMMERCE  
UTILITIES BOARD

IN RE:  IOWA WIRELESS SERVICES L.P. AND ASSOCIATED COMPANIES	DOCKET NO. 199 IAC 39.2(4)
---	----------------------------

**ORDER DESIGNATING ELIGIBLE CARRIERS**

(Issued April 26, 2002)

On March 18, 2002, Iowa Wireless Services L.P. (Iowa Wireless) filed with the Utilities Board (Board) a joint application for universal service eligible carrier status in Iowa on behalf of Iowa Wireless and 19 associated companies. On March 27, 2002, Iowa Wireless filed an amended application adding two additional associated companies to the joint application. Iowa Wireless asks that the Board designate Iowa Wireless and its 21 associated companies as eligible telecommunications carriers pursuant to 199 IAC 39.2(4). No objections have been filed regarding the joint application.

Board rule 39.2 provides a means by which the Board can designate Iowa telecommunications companies to be eligible to receive funding from the universal service fund, as defined by the Telecommunications Act of 1996, 47 U.S.C. § 254. Under the Act (and Federal Communications Commission (FCC) regulations implementing the Act), the Board must determine that a carrier meets the following

service requirements before it may be designated an eligible carrier as set forth in rule 39.2(4):

- 1) Offer the services supported by the federal universal service fund;
- 2) Offer the service using its own facilities or a combination of its own facilities and resale (47 C.F.R. § 54.201(c) provides that “own facilities” includes purchased unbundled network elements).
- 3) Advertise the availability of the supported services; and
- 4) Offer the services throughout the designated service area.

An eligible telecommunications carrier (ETC) must also offer a minimum amount of local exchange service, defined in usage minutes, provided with no additional charge to customers. See FCC 98-272, October 26, 1998. See also 199 IAC 39.2(1)”b.” The FCC has not yet quantified a minimum amount of local usage required to be included in a universal service offering, but has initiated a separate rule making proceeding to address this issue. Id. Any minimum local usage requirements established by the FCC as a result of that rule making would be applicable to all designated ETCs. The Board understands that Iowa Wireless and its associated companies will comply with any and all minimum local usage requirements adopted by the FCC. The Board also understands that until the FCC establishes a minimum requirement, Iowa Wireless and its associated companies will offer at least one universal service offering with unlimited local calling in their respective universal service offerings.

In their request for designation, Iowa Wireless and its associated companies state that they satisfy each of these named requirements. Based upon those unopposed representations and each of the companies' commitments to follow the minimum local usage requirements when adopted by the FCC, the Board finds that Iowa Wireless and its associated companies offer the services supported by the federal universal service fund, using their own facilities or a combination of their own facilities and resale of the facilities of another carrier. The Board finds that Iowa Wireless and its associated companies advertise and offer the services throughout their service areas as described in Attachment "B," which will be their designated service areas for purposes of the universal service fund. The Board finds these commitments by Iowa Wireless and the 21 associated companies are adequate to assure that public interest concerns will be satisfied.

The Board appreciates Iowa Wireless including all of these requests in one joint application for eligible carrier status. However, pursuant to a recent federal mandate, each of the associated companies will be required to file, individually, with the Board by September 10, 2002, the certifications regarding use of universal service funds. These filings will be pursuant to the Board's proposed rule 199 IAC 22.2(7), as described in Docket No. RMU-01-14.

**IT IS THEREFORE ORDERED:**

1. Eligible telecommunications carrier status is granted to Iowa Wireless Services L.P. and the following 21 associated companies as requested in the joint application and amendment, filed March 18 and March 27, 2002, respectively, subject to the voluntary commitments regarding the local usage requirement as described in the body of this order:

- a) Cooperative Telephone Company
- b) MAC Wireless, LLC
- c) South Slope Cooperative Telephone Company
- d) Olin Telephone Company Inc.
- e) CST Communications
- f) Montezuma Mutual Telephone Co.
- g) Mill Valley Wireless
- h) PST Digital, LLC
- i) East Buchanan Telephone Cooperative
- j) KCTC PCS
- k) Sharon Telephone Company
- l) Wellman Cooperative Telephone Association
- m) WTC Communications Inc.
- n) Wapsi Wireless, LLC
- o) Benton/Linn Wireless LLC
- p) Southeast Wireless Inc.

- q) Northeast Iowa Telephone Company
- r) Community Digital Wireless
- s) South East Iowa Wireless L.L.C.
- t) Cedar County PCS, L.L.C.
- u) Brooklyn Mutual Telephone Co.

The designated service areas for Iowa Wireless Services L.P. and its associated companies shall be the service territories documented in Attachment "B" of the joint application attached to and incorporated by reference in this order.

2. The Executive Secretary of the Utilities Board shall mail copies of this order to Iowa Wireless Services, Inc., the named associated companies, the Universal Service Administration Company, the Federal Communications Commission Universal Service Branch, and the Federal Communications Commission Office of the Secretary.

**UTILITIES BOARD**

/s/ Diane Munns

/s/ Mark O. Lambert
