IN RE: IT COMMUNICATIONS, LLC	DOCKET NOS. TCU-05-13 TF-05-263
	CERTIFICATE NO. 0299

CERTIFICATE

(Issued September 30, 2005)

On August 30, 2005, the Utilities Board (Board) issued an order in Docket No. TCU-05-13 approving the application for a certificate of public convenience and necessity, pursuant to Iowa Code § 476.29, to IT Communications, LLC (IT Communications). In the order, the Board stated that IT Communications would be issued a certificate when it had an approved tariff on file with the Board.

On September 2, 2005, IT Communications filed a proposed local exchange tariff. Revisions to the tariff were filed on September 7 and September 23, 2005. The proposed tariff and its revisions, identified as TF-05-263, contain the terms, conditions, and rates for IT Communications' local exchange service. An order approving the proposed tariff and issuing a certificate is being issued concurrently with this certificate. Since IT Communications now has an approved tariff to provide local exchange service, the Board will issue Certificate No. 0299 authorizing IT Communications to provide local exchange service in the listed exchanges.

IT IS THEREFORE ORDERED:

This certificate of public convenience and necessity, issued pursuant to Iowa Code § 476.29(1), authorizes IT Communications, LLC, to furnish local telephone service in the exchanges shown by its tariff as currently and subsequently approved.
