**ORDER DOCKETING PROPOSED TARIFF FILING  
FOR FURTHER REVIEW**

(Issued March 28, 2006)

On March 1, 2006, Aquila, Inc., d/b/a Aquila Networks (Aquila), filed with the Utilities Board (Board) a proposed tariff reflecting the annual reconciliation of its energy efficiency cost recovery (ECR) factors. The proposed tariff has been identified as TF-06-71. Aquila states that the reconciliation includes additional under-recoveries for past years that are the result of errors in Aquila's July 31, 2000, filing.

On March 21, 2006, the Consumer Advocate Division of the Department of Justice (Consumer Advocate) filed a conditional objection to the proposed tariff. Consumer Advocate states the reconciliation is very detailed and complex and Consumer Advocate needs additional time to complete its review.

The Board will docket the proposed tariff for further review. The filing includes costs and recoveries that occurred before the year 2000 and will require additional time for Consumer Advocate and Board staff to complete their separate reviews of this information. The Board will determine whether a procedural schedule needs to be established after the reviews are completed.

**IT IS THEREFORE ORDERED:**

Tariff filing TF-06-71 is docketed for further review.
