NOTICE OF CANCELLATION OF TARIFFS

(Issued August 30, 2006)

A review of Utilities Board's (Board) records shows there are three alternative operator service (AOS) companies with approved tariffs that have not filed annual revenue reports for several years. It is not clear whether the companies have provided the Board with current contact information or if these companies still provide service in Iowa. The three AOS companies are Colorado Communications Network, d/b/a Hospitality Communications; International Tele-Services, Inc.; and Peoples Telephone Company, Inc., d/b/a Telink, Inc.

Board rule 199 IAC 22.23(3) requires each carrier that provides or bills for telecommunications services to customers located in Iowa to register with the Board and to provide certain contact information using a form included in the rule. To ensure that the Board has current contact information on file for these three companies, the Board will direct the companies to file new carrier registration forms

pursuant to 199 IAC 22.23(3) within 30 days of the date of this order. If the companies do not file new carrier registration forms within 30 days, their tariffs will be cancelled without further notice. The Board will direct that a copy of this order be placed in each of the dockets above.

IT IS THEREFORE ORDERED:

The companies listed in the caption of this order are directed to provide the Board with completed registration forms within 30 days of the date of this order. If the Board does not receive a response from a particular company within 30 days of the date of this order, that company's approved alternative operator services tariff will be deemed cancelled without further action by the Board. A copy of this order will be placed in the Board's Records and Information Center in each of the dockets listed above. A courtesy copy of the registration form will be enclosed with this order.
