IN RE: MIDAMERICAN ENERGY COMPANY	DOCKET NO. TF-06-290 (RPU-04-2, APP-96-1, RPU-96-8)
--	--

ORDER APPROVING TARIFF

(Issued November 21, 2006)

On October 26, 2006, MidAmerican Energy Company (MidAmerican) filed with the Utilities Board (Board) proposed tariff changes, identified as TF-06-290, to reflect a decrease in the contractual rate paid by MidAmerican to one of its alternate energy suppliers. The decrease impacts MidAmerican's alternate energy production cost recovery clause. Consistent with MidAmerican's rate equalization plan, MidAmerican intends to apply the reductions through the Cooper Nuclear Station Capital Additions Tracker to residential and street lighting customers in the higher-priced South zone only. No objections to the proposed tariff changes were filed.

The Board will approve the proposed tariff. The tariff changes are consistent with the equalization plan addressed in the Board's June 19, 2006, order in Docket No. RPU-04-2 (TF-04-150, APP-96-1, RPU-96-8).

IT IS THEREFORE ORDERED:

Tariff filing TF-06-290 is approved, subject to complaint or investigation,
effective with billings made on or after November 30, 2006.
