IN RE: WATERLOO GAS TRANSPORT, LLC	DOCKET NO. P-867
---	------------------

PIPELINE PERMIT

(Issued January 24, 2007)

Permit No. 1225 Lateral Waterloo Digester

Permission is hereby granted to Waterloo Gas Transport, LLC (WGT), Waterloo, Iowa, to construct, operate, and maintain a pipeline in Black Hawk County, Iowa, for the transportation of flammable digester gas at a maximum operating pressure of 53.3 psig over the route attached to and incorporated by reference in this permit.

Permit No. 1225 is granted subject to the provisions of Iowa Code Chapter 479 (2007), 199 Iowa Administrative Code Chapters 9 and 10 (2007), and the January 12, 2007, "Proposed Decision and Order Granting Permit" issued in this docket.

The January 12, 2007, Order also set forth additional permit conditions to assure the pipeline will be operated and maintained in conformance with applicable requirements. WGT may not begin construction of the pipeline until it files a surety bond that complies with the requirements of Iowa Code § 479.26 with the Utilities Board (Board). WGT may not begin operating the pipeline until it files an operations

manual that complies with the requirements of 49 C.F.R. Part 192 with the Board for review and acceptance. If WGT does not continue its contractual relationships with Swan Engineering, Inc or Michels Pipeline Construction, or significantly modifies either or both of them, WGT must notify the Board at least 30 days prior to discontinuance or modification and explain how it intends to comply with applicable state and federal requirements regarding the pipeline contained in Iowa Code Chapter 479, 199 IAC § 10.12, and 49 C.F.R. Part 192.

Permit No. 1225 shall be effective until January 24, 2032, unless revoked, terminated, or amended by the Utilities Board.
