ORDER ACCEPTING RECONCILIATION

(Issued May 15, 2007)

On April 20, 2007, MidAmerican Energy Company (MidAmerican) filed with the Utilities Board (Board) the annual reconciliation of recoveries under MidAmerican's "Alternate Energy Producer Cost Recovery Clause." MidAmerican's calculations show that the cost recovery factor previously approved in Docket No. TF-06-290 on November 21, 2006, will not change. However, MidAmerican intends to file an adjustment in November 2007 when the rate paid to one of the alternate energy providers will decrease, which will provide some funds for use in MidAmerican's long-term rate equalization plan. No objections to the annual reconciliation were filed.

The Board has reviewed the annual reconciliation and will accept it. The calculations appear to have been performed pursuant to the methodology contained in the tariff.

IT IS THEREFORE ORDERED:

The annual reconciliation of the "Alternate Energy Producer Cost Recovery Clause" filed by MidAmerican Energy Company on April 20, 2007, is accepted, subject to complaint or investigation.
