ORDER SCHEDULING PREHEARING CONFERENCE

(Issued July 19, 2007)

On July 13, 2007, Interstate Power and Light Company (IPL) and ITC Midwest LLC (ITC Midwest), collectively "Applicants," filed with the Utilities Board (Board) a request for prehearing conference in Docket No. SPU-07-11. Because of the large number of parties and issues in this docket, Applicants said a prehearing conference would facilitate establishing an order of witnesses, accommodating special witness scheduling needs, and coordination among parties with similar interests to avoid duplicative cross-examination.

The Board agrees that a prehearing conference in this case would be useful and will schedule a conference for Tuesday, July 24, at 10 a.m. Parties may participate by telephone. The prehearing conference will be conducted by the Board's staff; the Board will not attend.

In addition to the items delineated by Applicants, parties should be prepared to discuss stipulating to admission of prefiled testimony without foundation (unless there is an objection to the testimony), estimated length of hearing, order of cross-examination, numbering of exhibits, and any other preliminary matters. Because of

the expedited process for reorganization cases, preliminary matters should be raised in advance if possible so that the Board has an opportunity to address them prior to the start of the hearing.

IT IS THEREFORE ORDERED:

A prehearing conference for the Board's counsel and staff and counsel for the parties to discuss estimated length of hearing, order of witnesses and witness schedules, order of cross-examination, coordination of cross-examination, numbering of exhibits, and other preliminary matters is scheduled for Tuesday, July 24, 2007, at 10 a.m. The conference will be held in the Hearing Room at the Board's offices at 350 Maple Street, Des Moines, Iowa. Counsel may also participate in the conference call by calling the Board's bridge line, 1-866-708-4636. The bridge line will be open approximately five minutes prior to the hearing. In the event you have problems accessing the bridge line, please call Jennifer Ludwig at (515) 281-3448.
