IN RE: TRANS NATIONAL COMMUNICATIONS INTERNATIONAL, INC.	DOCKET NOS. TCU-04-8 TF-07-5
	CERTIFICATE NO. 0318

CERTIFICATE

(Issued August 30, 2007)

On July 20, 2004, the Utilities Board (Board) issued an order in Docket No. TCU-04-8 approving the application for a certificate of public convenience and necessity, pursuant to Iowa Code § 476.29, to Trans National Communications International, Inc. (Trans National). In the order, the Board stated that Trans National would be issued a certificate when it had an approved tariff on file with the Board.

On January 11, 2007, Trans National filed a proposed local exchange tariff. A revision to the proposed tariff was filed on February 9, 2007. The proposed tariff and revision, identified as TF-07-5, contain the terms, conditions, and rates for Trans National's local exchange service. An order approving the proposed tariff, as revised, and issuing a certificate is being issued concurrently with this certificate. Since Trans National now has an approved tariff to provide local exchange service, the Board will issue Certificate No. 0318 authorizing Trans National to provide local exchange service in Iowa.

IT IS THEREFORE ORDERED:

This certificate of public convenience and necessity, issued pursuant to Iowa Code § 476.29(1), authorizes Trans National Communications International, Inc., to furnish local telephone service in the service territory described in its tariffs as currently and subsequently approved.
