---	------------------------------------

**ORDER DOCKETING PROPOSED TARIFF AND
DIRECTING RESPONSE TO HYPOTHETICAL**

(Issued January 25, 2008)

On November 5, 2007, the Utilities Board (Board) issued an order in Docket No. SPU-04-1, In re: Iowa Joint Utility Management Program, Inc., directing Interstate Power and Light Company (IPL) to file proposed permanent small volume gas transportation tariffs consistent with the requirements in the order. On December 28, 2007, IPL filed the proposed tariffs with an effective date of April 30, 2008. On January 18, 2008, Cornerstone Energy LLC, d/b/a Constellation NewEnergy-Gas Division (Cornerstone), filed a response to IPL's proposed tariff.

The Board will docket the proposed tariff as required by 199 IAC 26.5(3). The Board will not establish formal proceedings in this docket at this time to allow IPL and suppliers the opportunity to discuss any issues that need to be resolved regarding the proposed tariffs. The Board will decide whether proceedings are necessary once it is determined whether unresolved issues remain.

To allow the Board to understand the effect of the proposed tariffs on small volume gas transportation customers, IPL is requested to file a response to the following hypothetical.

Calculate monthly bills based on the monthly volumes provided below. For the purposes of this calculation, assume customers

remained in balance throughout and at the end of the month. Include calculations for each individual monthly charge including the customer charge, administration, balancing services, energy efficiency, etc. If there are multiple rate codes or districts, provide a separate calculation for each.
