IN RE:  INTERSTATE POWER AND LIGHT COMPANY	DOCKET NOS. TF-08-14 TF-08-15 (EEP-02-38)
---	---

**ORDER APPROVING TARIFFS AND GRANTING WAIVER**

(Issued February 26, 2008)

On January 31, 2008, Interstate Power and Light Company (IPL) filed with the Utilities Board (Board) proposed tariffs, identified as TF-08-14 (electric) and TF-08-15 (gas). The proposed tariffs accompanied IPL's annual energy efficiency cost recovery report and revise IPL's energy efficiency cost recovery factors for the 12-month period beginning March 1, 2008. No objections to the proposed tariffs were filed.

The Board will approve the proposed tariffs. The proposed tariffs reflect projected energy efficiency expenditures for the next 12 months, as well as a reconciliation of the past year's expenditures to compensate for any over- or under-recovery. The cost recovery factors will decrease slightly for all classes of gas customers and increase slightly for electric customers, except those in the general service and bulk supply classes, where the energy efficiency cost recovery factor will remain constant or decrease slightly.

IPL requested an effective date of March 1, 2008, for the proposed tariff. This is a waiver of 199 IAC 35.12(2), which provides that customer billing for new energy efficiency cost recovery factors is not to begin until the first billing month at least 30 days following Board approval. The March 1 starting date is consistent with IPL's past practice and allows future recoveries to be on a contemporaneous basis, providing more pricing certainty both to IPL and its customers. The request for waiver meets the standards of rule 1.3 and will be granted.

**IT IS THEREFORE ORDERED:**

1. Tariff filings TF-08-14 and TF-08-15, filed by Interstate Power and Light Company on January 31, 2008, are approved subject to complaint or investigation, effective March 1, 2008.
2. Subrule 199 IAC 35.12(2) is waived to the extent necessary to allow TF-08-14 and TF-08-15 to become effective on March 1, 2008.
