IN RE: BANDWIDTH.COM CLEC, LLC	DOCKET NO. TF-08-21 (TCU-07-10)
	CERTIFICATE NO. 0323

CERTIFICATE

(Issued March 12, 2008)

On January 14, 2008, the Utilities Board (Board) issued an order in Docket No. TCU-07-10 approving the application for a certificate of public convenience and necessity, pursuant to Iowa Code § 476.29, to Bandwidth.com CLEC, LLC (Bandwidth). In the order, the Board stated that Bandwidth would be issued a certificate when it had an approved tariff on file with the Board.

On February 12, 2008, Bandwidth filed a proposed local exchange tariff. Revisions to the proposed tariff were filed on February 28, 2008. The proposed tariff and its revisions, identified as TF-08-21, contain the terms, conditions, and rates for Bandwidth's local exchange service. An order approving the proposed tariff and issuing a certificate is being issued concurrently with this certificate. Since Bandwidth now has an approved tariff to provide local exchange service, the Board will issue Certificate No. 0323 authorizing Bandwidth to provide local exchange service in Iowa.

IT IS THEREFORE ORDERED:

This certificate of public convenience and necessity, issued pursuant to Iowa Code § 476.29(1), authorizes Bandwidth.com CLEC, LLC, to furnish local telephone service in the exchanges shown by its tariffs as currently and subsequently approved.
