IN RE: MIDAMERICAN ENERGY COMPANY	DOCKET NO. TF-08-55 (RPU-04-2, APP-96-1, RPU-96-8)
--	---

ORDER APPROVING TARIFF

(Issued May 15, 2008)

On April 15, 2008, MidAmerican Energy Company (MidAmerican) filed with the Utilities Board (Board) its annual reconciliation of recoveries related to its alternate energy production (AEP) cost recovery clause, identified as TF-08-55. MidAmerican is required to provide a reconciliation of AEP costs for each 12-month period ending March 31. The reconciliation of the 12 months (plus estimates for April and May 2008) is used to determine the new AEP cost recovery factor to be applied on June 1, 2008. No objections to the proposed tariff changes or reconciliation were filed.

The Board will approve the proposed tariff. The AEP cost recovery factor will increase from \$0.00002/kWh to \$0.00010/kWh, largely because of a smaller overcollection than the previous year. Estimated sales volumes from and payments to AEPs are also slightly higher than last year (which reduced the level of collections for last year). The change in the AEP cost recovery factor will increase the average residential customer's bill by about 5 cents per month.

IT IS THEREFORE ORDERED:

Tariff filing TF-08-55 is approved, subject to complaint or investigation,
effective June 1, 2008.
