IN RE: INTERSTATE POWER AND LIGHT COMPANY	DOCKET NO. EEP-08-1
---	---------------------

ORDER GRANTING INTERVENTIONS

(Issued June 30, 2008)

On June 10, 2008, Community Energy Solutions, Iowa Farmers Union, and Physicians for Social Responsibility (the Coalition) filed with the Utilities Board (Board) a petition to intervene in Docket No. EEP-08-1, which deals with Interstate Power and Light Company's (IPL) proposed new energy efficiency plan. On June 12, 2008, the Iowa Department of Public Safety (DPS) filed a petition to intervene in the docket, also. No objections to either petition were filed.

In support of its petition, the Coalition states its three members are energy, environment, and public health advocacy groups with an interest in energy efficiency measures. The Coalition notes that Community Energy Solutions is an Iowa nonprofit organization representing the interests of over 4,000 Iowans in promoting energy efficiency and renewables; the Iowa Farmers Union has approximately 1,200 Iowa farmers and other members supporting renewable energy; and the Physicians for Social Responsibility represents about 1,000 Iowa health professionals and supporters striving to protect the public health, which the group believes can be impacted by global warming.

In support of its petition, the DPS states that in its capacity as Iowa State Building Code Commissioner it is charged with the adoption and enforcement of energy conservation standards. The petition notes that funding for training of state and local code officials is not adequate and asks that funds from IPL's energy efficiency plan be designated for such training.

The petitions to intervene will be granted. The Coalition and DPS have each demonstrated a unique interest in this docket that should be represented.

IT IS THEREFORE ORDERED:

1. The petition to intervene filed by Community Energy Solutions, Iowa Farmers Union, and Physicians for Social Responsibility on June 10, 2008, is granted.
2. The petition to intervene filed by the Iowa Department of Public Safety on June 12, 2008, is granted.
