**NOTICE OF CANCELLATION OF CERTIFICATES
AND WITHDRAWAL OF TARIFFS**

(Issued July 3, 2008)

In early January of 2008, the Utilities Board (Board) mailed annual report forms to each of the local exchange carriers possessing (or approved for) a certificate of public convenience and necessity to provide service in Iowa, pursuant to Iowa Code § 476.29. The forms were mailed to the carriers at the addresses on file with the Board. The carriers identified in the caption above failed to return the forms.

Board staff has attempted to contact these companies through the contact information available to the Board to notify them of their failure to file the required annual report. To date, Board staff has been unsuccessful in establishing contact with these companies.

Based on this information, it appears that these carriers are no longer providing landline local telephone service in Iowa and should not be permitted to continue to hold certificates for that purpose. Therefore, the Board will cancel the certificates issued to each of the carriers in the dockets identified above, and cancel the associated tariffs, 30 days from the date of this order unless the Board is contacted by a carrier and provided with appropriate information indicating why the carrier's certificate should not be canceled. Any such filing should include an annual

report showing that the carrier had revenues from certificated services in 2007 or a statement that it did not have such revenues in 2007 but has reasonable plans to offer services in Iowa in the near future that are likely to produce such revenues.

If a carrier makes a timely filing as described above, its certificate will not be canceled and its tariff will continue to be in effect until further order of the Board.

A copy of this order will be placed in the record in each of the dockets listed above.

IT IS THEREFORE ORDERED:

The carriers listed in the caption of this order are directed to contact the Board with an annual report and updated corporate information within 30 days of the date of this order. If the Board does not receive a response from a particular carrier within 30 days of the date of this order, the certificate of public convenience and necessity or certificate approval issued to that carrier by the Board will be deemed canceled and its tariff will be deemed canceled without any further action by the Board. A copy of this order will be placed in each of the dockets listed above.
