IN RE: SEMINOLE ENERGY SERVICES, LLC	DOCKET NO. CGP-08-1
	CERTIFICATE NO. G-0019

CERTIFICATE

(Issued August 25, 2008)

On June 13, 2008, Seminole Energy Services, LLC (Seminole), filed an application requesting the issuance of a certificate as a competitive natural gas provider (CNGP) by the Utilities Board (Board). The Board's rules at 199 IAC 2.2(18) and 19.14 establish the filing requirements for the issuance of a certificate. On June 26, 2008, the Board notified Seminole that the application was complete and the 90-day review period had begun.

The Board reviewed the information provided by Seminole and is issuing an order concurrently with this certificate approving the application for a certificate as a CNGP. Seminole is an Oklahoma limited liability corporation and is authorized to do business in Iowa. Seminole will be providing competitive natural gas service to both small and large volume customers as defined in 199 IAC 19.14(1).

Iowa Code § 476.87 requires that a competitive natural gas provider or aggregator must reasonably demonstrate managerial, technical, and financial capability sufficient to obtain and deliver the services it proposes to offer. The Board

in 199 IAC 2.2(18) and 199 IAC 19.14 established the filing requirements for a CNGP to obtain a certificate. Based on a review of Seminole's application, the Board found that Seminole has reasonably demonstrated the managerial, technical, and financial capability sufficient to obtain and deliver the services it proposes to offer. The Board found that no additional conditions should be placed on the certificate.

IT IS THEREFORE ORDERED:

This certificate as a competitive natural gas provider, issued pursuant to Iowa Code § 476.87 (2007), authorizes Seminole Energy Services, LLC, to furnish natural gas services as a marketer or aggregator to large and small volume customers in Iowa.
