| IN RE:<br><br>DAIRYLAND POWER COOPERATIVE | DOCKET NO. E-21906 |
|-------------------------------------------|--------------------|

**ORDER SCHEDULING SHOW CAUSE HEARING**

(Issued October 21, 2008)

On November 15, 2007, Dairyland Power Cooperative (Dairyland) filed a petition with the Utilities Board (Board) for a franchise for an existing 0.033 mile 69 kV electric transmission line in Woodbury County, Iowa. Board staff requested corrections and additional information by deficiency letter dated December 24, 2007. May 21, 2008, Dairyland filed on revisions to the petition and additional information. The proceeding is identified as Docket No. E-21906.

Iowa Code chapter 478 governs the franchise of electric transmission lines.

Iowa Code § 478.1 provides, in part:

A person shall not construct, erect, maintain, or operate a transmission line, wire, or cable which is capable of operating at an electric voltage of sixty-nine kilovolts or more along, over, or across any public highway or grounds outside of cities for the transmission, distribution, or sale of electric current without first procuring from the utilities division of the department of commerce a franchise granting authority as provided in this chapter.

In its filings, Dairyland said it discovered during an audit that the transmission line had been built without a franchise. Dairyland noted the line needed to be

completed quickly to accommodate the needs of a new ethanol plant and Heartland Power Cooperative. Dairyland stated the line affected only one private landowner, who was supportive of the project.

Iowa Code chapter 478 provides for a wide range of remedies for violation of its provisions, including injunctive relief or possible criminal sanctions. Iowa Code §§ 478.22 and 478.24. The Board does not believe it is necessary to seek such relief in this case. In addition, Iowa Code § 478.29 provides that "[a] person who violates a provision of this chapter is subject to civil penalty, which may be levied by the board, of not more than one hundred dollars per violation or one thousand dollars per day for a continuing violation, whichever is greater."

The provisions of Iowa Code chapter 478 are designed to safeguard the interests of ratepayers, adjoining landowners, and the public generally by providing that before granting a franchise, the Board must determine, among other things, that the proposed line is necessary to serve a public use and represents a reasonable relationship to an overall plan of transmitting electricity in the public interest. Iowa Code § 478.4. The Board notes that in a prior proceeding, it put all electric line owners on notice that commencing construction without a franchise was not acceptable. See, In re: Corn Belt Power Cooperative, "Order Canceling Hearing, Accepting Compromise, and Assessing Civil Penalty," Docket No. E-21570 (2/1/2002). Therefore, the Board will schedule a hearing for Dairyland to show cause

why civil penalties should not be imposed for the alleged violation of Iowa Code chapter 478 outlined in this order.

The Board will provide Dairyland an opportunity to submit an affidavit or prefiled testimony prior to the show cause hearing, explaining the events that led to construction of the transmission line without a franchise. Also, the Board will require Dairyland to submit prefiled testimony or an affidavit outlining what steps, if any, it has taken to ensure that such a violation will not occur again. Finally, the Board will set a deadline for any pretrial motions, such as offers of compromise.

**IT IS THEREFORE ORDERED:**

1. A hearing shall be held for Dairyland Power Cooperative to show cause why civil penalties should not be imposed for alleged violations of Iowa Code chapter 478 at 1:30 p.m. on January 6, 2009. The hearing shall be held in the Board's hearing room at 350 Maple Street, Des Moines, Iowa. Persons with disabilities requiring assistive services or devices to observe or participate should contact the Board at (515) 281-5256 in advance of the scheduled date to request that appropriate arrangements be made.

2. Dairyland shall submit an affidavit or prefiled testimony on or before December 5, 2008, outlining what steps, if any, it has taken to ensure that a violation of the franchise provisions of Iowa Code chapter 478 will not occur again. Dairyland may also file on that date prefiled testimony or an affidavit explaining the events that led to construction of a transmission line without a franchise.

3. Any prehearing motions shall be filed on or before December 22, 2008.
