| IN RE: PLYMOUTH ENERGY, L.L.C. | DOCKET NO. CGP-08-2 |
| | CERTIFICATE NO. G-0020 |

CERTIFICATE

(Issued October 30, 2008)

On September 29, 2008, Plymouth Energy, L.L.C. (Plymouth), filed an application requesting the issuance of a certificate as a competitive natural gas provider (CNGP) by the Utilities Board (Board). The Board's rules at 199 IAC 2.2(18) and 19.14 establish the filing requirements for the issuance of a certificate. On October 7, 2008, the Board notified Plymouth that the application was complete and the 90-day review period had begun.

Plymouth is an Iowa limited liability company and is authorized to do business in Iowa. Plymouth will be providing competitive natural gas service only to large volume customers as defined in 199 IAC 19.14(1). The Board reviewed the information provided by Plymouth and is issuing an order concurrently with this certificate approving the application for a certificate as a CNGP.

Based on a review of Plymouth's application, the Board found that Plymouth has reasonably demonstrated the managerial, technical, and financial capability sufficient to obtain and deliver the services it proposes to offer as required by Iowa

Code § 476.87. If Plymouth chooses to serve small volume customers in the future, it must first submit the additional information required in subrule 199 IAC 19.14(6) related to CNGPs serving small volume customers and receive an amended certificate prior to offering that service. The Board found that no additional conditions should be placed on the certificate to provide large volume service.

IT IS THEREFORE ORDERED:

This certificate as a competitive natural gas provider, issued pursuant to Iowa Code § 476.87 (2007), authorizes Plymouth Energy, L.L.C., to furnish natural gas services as a marketer or aggregator to large volume customers in Iowa.
