CASE NO. CVCV062999

TRANSMISSION OF RECORD

COMES NOW Respondent Iowa Utilities Board (IUB), by and through its undersigned counsel, and for its Transmission of Record, respectfully states as follows:

1. Iowa Code § 17A.19(6) requires the filing of a certified agency record in judicial review actions taken from a contested case; however, the agency action being appealed in the above-captioned case is a rule making.
2. Nevertheless, following discussions between counsel, the parties believe a certified record of potentially relevant agency rule making documents may be beneficial to the Court and the parties.
3. Therefore, following communications with counsel, the undersigned prepared a certified record that contains many, if not all, of the agency rule making documents the parties believe may be relevant to this judicial review.
4. The undersigned notes that all documents contained in the certified record and all other

rule making filings related to this matter are public records that are available through the IUB's electric filing system (<http://efs.iowa.gov/efs/>) or the Iowa Administrative Rules page of the Iowa Legislature's website

(<https://www.legis.iowa.gov/law/administrativeRules>).

5. This record does not contain all of the rule making filings before the agency, and by filing this record, the parties do not waive the right to cite to or rely upon other filings not included in this record.

Respectfully submitted,
